

DONLON SAFETY PLAN INFORMATION

Donlon Elementary School has both an Emergency Plan and a Comprehensive School Safety Plan. Our school practices drills as required by Ed. Code on a regular basis and also works with our District Office EOC (Emergency Operation's Center) on safety exercises annually.

Components of our Comprehensive School Safety Plan as required by Ed. Code (32280 - 32289) are as follows:

- A. Child Abuse Reporting Procedures
- B. Disaster Policies
- C. Policies for Suspension and Expulsion
- D. Procedures to Notify Teachers of Dangerous Students
- E. Discrimination and Harassment Policy
- F. Provisions of a School Wide Dress Code
- G. Provisions of Safe Ingress and Egress of Pupils, Parents, and School Employees to and from School
- H. A Safe and Orderly Environment Conducive to Learning at the School
- I. Rule and Procedures on School Discipline
- K. Hate Crime Reporting Procedures

Our School's Safety Committee/School Site Council, reviews the Safety Plan annually and provides input and feedback. If you wish to provide input regarding school safety, please feel free to attend the first School Site Council meeting of the year in Fall, or contact school administration anytime during the school year to set up an appointment. The Safety Plan is available for public review and can be located in our main office by request. The Safety Plan is not available for check out.
