## Problem-Solving Application

**R** 12-8

# Choose the Operation

Jan has 6 stickers. Joe has 7 stickers.  
How many stickers do they have in all?

Do you add, subtract, multiply or divide?

subtract

multiply

divide

$$\underline{6} \oplus \underline{7} = \underline{13} \text{ stickers}$$

Write the number sentence.

Think: Do you add, subtract, multiply, or divide?

1. Betty put 4 stamps on 2 envelopes.

If she puts the same number on each envelope,  
how many stamps are on each envelope?

add

subtract

multiply

divide

\_\_\_ ○ \_\_\_ = \_\_\_ stamps

2. Mr. Smith has 12 pencils. Mrs. Brown borrowed  
6 pencils. How many pencils does Mr. Smith have left?

add

subtract

multiply

divide

\_\_\_ ○ \_\_\_ = \_\_\_ pencils

3. Bobby has 2 bananas. He cuts each into 5 pieces.  
How many pieces does he have?

add

subtract

multiply

divide

\_\_\_ ○ \_\_\_ = \_\_\_ pieces
