R 9-9

Make a Graph

Trisha collects models.
She made this graph to show
how many models she has.

Look at the graph.
Answer the questions.

1. How many different kinds of models are shown on the graph? 4 models
2. How many spaces did Trisha color to show 7 cars? _____ spaces
3. How many spaces did Trisha color to show planes? _____ spaces
4. How many boat models does Trisha have? _____ boat models
5. If Trisha had 10 boats, could she show that on this graph? _____
6. How many models does Trisha have altogether? _____ models
