The Board of Trustees has adopted standards of proficiency (EC 51216) and high school graduation requirements (EC 51225 and 51225.3) in compliance with state law. The Board directs the Superintendent to develop procedures which assure that a pupil who transfers out of our District shall have as part of any permanent record forwarded to another school which proficiency standards have been satisfactorily passed. Likewise, the Superintendent or designee shall develop procedures for reciprocal standards to be applied to pupils transferring into our District from another high school.
