

## Music Lessons for All Ages!

Our academy offers excellent instruction from highly experienced and dedicated instructors in guitar, bass, voice (all styles), woodwinds, strings (including cello), brass and music theory (AP Music and Certificate of Merit test preparation). Our academy is growing steadily; we have multiple instructors in most instrumental areas (including voice) that can provide the right musical and personal connection with every student.

Our semi-private piano classes are designed to provide the best of all worlds: small enough to meet the individual needs of every student while incorporating peer-to-peer group dynamics to inspire and encourage every student.

We have an age-specific curriculum that fits all stages of beginners: the award-winning Music for Little Mozarts classes for 4 and 5 yr olds, Primer classes for 6 and 7 yr olds, Accelerated classes for beginners 8 and older and adult method for Adult classes.

In addition we offer private piano lessons, including jazz. We have state-of-the-art Roland digital pianos for small-group and semi-private and acoustic grands and uprights for private piano lessons.

Adult lessons in all instruments offer the older beginner a curriculum created specifically for adults. Among the areas covered are technique, sight-reading, repertoire expansion, historical and stylistic practices and music theory.

The Academy is an institutional member of MTNA (Music Teacher's National Association) and MTAC (Music Teacher's Association of California) and takes advantage of programs sponsored by these associations.

## A Class for Every Student

Our philosophy is founded upon strong fundamental musical principles that music, and the arts in general, are profoundly essential for spiritual, mental, physical and emotional growth, no matter one's age; that music is best experienced as an intimate communal art form, it's powers being most effective when experienced in small groups; and that music should be a deeply enriching and uplifting experience, passed from teacher to student in the most enthusiastic and nurturing ways possible.

We have developed our own curriculum from the best pedagogical materials available and teach in a concept-based environment. Our facility is equipped with state-of-the-art acoustic and digital instruments and we focus on solo and small ensemble performance as an integral part of our learning environment.

Students will be coached by award winning vocalist, Melanie O'Reilly and perform in a fun, relaxed group setting.

Classes will be held Mondays 4-5pm.

## Exploring Music

Introduce your younger child to the music experience by exploring different instruments. The program can be customized for older students who are interested in trying different instruments before making a decision about which instrument to pursue.

Add some Jazz to your life...

Join us for 3 new Jazz programs.

Jazz Choir taught by Melanie O'Reilly for High School age & up.

Jazz Group Piano taught by John R Burr for all ages and levels.

Jazz Improv Class taught by John R Burr for all instruments and vocalists.

Enrollment is by audition only.

## Children's Chorus

Join our talented 4-9 year olds as they learn the basics of good vocal technique and musicianship while performing throughout the community. Call to schedule an audition today.
