

SYLVAN MIDDLE SCHOOL PROGRAMS

As students enter the challenging transition years of Middle School they often find that they can benefit from Sylvan programs at some point in their academic progress. For your information, we have listed the Sylvan programs offered at Pleasanton Sylvan Learning suited for Middle School Students. Please contact us if you have any questions about these programs, now or in the future. We will be happy to tell you how Sylvan can help your child continue to succeed at school and in life.

- **Academic Reading**

Designed for all students, Sylvan's Academic Reading Program helps students to develop both the basic skills and the higher level critical thinking skills needed for success in reading.

- **Academic Writing**

Designed to improve writing skills, the program teaches the process approach to writing paragraphs, letters, and essays, while stressing the fundamentals of capitalization, punctuation, and sentence building. Editing skills are also sharpened.

- **Sylvan Math Essentials**

Sylvan's Basic Math Program provides all students with specific instruction on basic computation skills, problem solving, measurement, graphing, equations, and numeration. The program addresses mastery as well as application of mathematical concepts.

- **Study Skills**

Sylvan's Study Skills Program is designed for students who perform at grade level but need effective study techniques, organizational skills, time management skills, and test-taking strategies. The program includes reading and listening skills as well as outlining, note-taking and test-taking strategies.

- **Algebra 1**

Sylvan's custom-designed Algebra Program helps students to develop or enhance skills in patterns and functions, graphing, mathematical connections, problem-solving, and reasoning. This program is designed for both beginning students and those requiring specific skill enrichment.
