**ZANGLE PARENT AND STUDENT CONNECTION  
PERMISSION FORM  
and other online gradebooks  
(signature required)**

Good school-to-home communication is an important factor in the success of a child's education. To enhance this communication, Pleasanton Unified School District is using Zangle's Parent Connection and Student Connection to keep families informed of student progress. The Connection programs are implemented for students in grades 6 – 12 and are available over the Internet via a secure web browser. Parents/guardians and students will be able to view school news, attendance, transcript history, and progress toward graduation (for high school), and schedules. Although not a requirement for teachers, for classes where teachers do post to Zangle Connection, students will be able to view assignments and grades. In some cases, other online gradebook programs may be used to share information such as assignments and grades with students.

It is your personal responsibility to safeguard any login information and passwords provided to you and your student. The privacy of your child/children's school information may be at risk if this information is lost or shared with others. For Zangle access, it is your sole responsibility to change your password at the Parent or Student Connection website if you believe others have or may have access to your PIN and password. Please email [zanglehelp@pleasanton.k12.ca.us](mailto:zanglehelp@pleasanton.k12.ca.us) if you need assistance to change your password.

Please sign below to indicate your understanding and to affirm that your student may access his/her educational records via the Zangle Student Connection or other online gradebook.

\*\*\*\*\*

**Students**—I, as a student, understand that I should safeguard all login information, including that for the Zangle Student Connection, and change my password if I believe that it is no longer confidential.
